Fees & Payments

Club Cruz recognizes that club volleyball is an expensive sport. We try to provide the greatest value at the most reasonable cost.

Club Cruz strives to take a different approach to club volleyball by focusing entirely on player development. As a result, Our developmental model of 10 players on the core team provides our players with guaranteed playing time at all tournaments and league events, and our practice players participate in all developmental activities with the exception of attending tournament and league events unless necessary. Our coaching staff is excellent, and all players receive attention to their individual development.

Financial assistance may be available. Please review our [Financial Aid information](#).

Club Cruz offers a payment plan, which is described below.
